CHANGE FACILITATOR

Certified Lego[®] Serious Play[®] Change Facilitator

To successfully become a Certified Lego[®] Serious Play[®] Change Facilitator (CLSPCF), you must attend the 2-day workshop and successfully present a workshop design applying the knowledge gained.

Learning Objectives

- *Understand the benefits of kinesthetic, audio and visual learning,*
- *Learn the foundation Lego[®] Serious Play[®] (LSP) tools and techniques*
- *Understand how to apply the LSP approach to successful change delivery*

Day 1: Learning Lego[®] Serious Play[®] 1.0 facilitation Techniques

- Understand the value of kinesthetic learning and facilitation techniques
- Learn about the Lego[®] Serious Play[®] (LSP) approaches
- Build a detailed understanding of the application of LSP in a singular delivery workshop
- Gain insight to using the tools in action through collaborative LSP activities

You will be guided through hands on learning activities, using LSP techniques as key to their learning experience, to enable their understanding of the core approaches. There will be several opportunities to practice and undertake the techniques, as well as sharing of the experience and communication approaches to facilitate an LSP event.

Attendees receive dedicated LSP packs to use and keep

Day 2: Design and Delivery of Lego[®] Serious Play[®] 1.0 facilitation:

- Understand how to design a workshop using LSP as its core delivery vehicle for individual
- Practice delivery of designed workshops for individual and group activities
- Build a toolbox of facilitator techniques as they apply to personal, professional and organizational change

The core of day 2 will be constructing impactful workshops and facilitating groups with LSP techniques. Every attendee will have the ability to practice design, delivery and learning approaches. There will be group discussions and an exploration of communication and recording techniques to capture outcomes.

Day 2 will conclude with an assessed facilitation exercise to achieve certified facilitator status.

Who needs to be a Certified LSP[®] Change Facilitator (CLSPCF)?

This program will be particularly beneficial if you are a facilitator, trainer, consultant, business partner, manager or leader seeking new and different approaches to engage people then this is for you. Change professionals will gain the skills to develop alternative approaches to stakeholder engagement, sponsorship, strategy and delivery of successful change.
